

Vue.js 반응형 자바스크립트

```
mounted:function(){

    var $section1 = document.querySelector('#section1');
    var winH = window.innerHeight;

    function resizeFn(){
        winH = window.innerHeight;
        $section1.style = 'height:' + winH + 'px';
    }
    resizeFn();
    window.addEventListener('resize', resizeFn);

}
```
